

REMARKS FROM PAST CLIENTS:

“You were extremely accessible, which is very important to us... I also liked your pleasant manner and easygoing attitude, because these were nice to work with but they didn't prevent you from aggressively getting the job done.”

-Matt and Elizabeth Davis

“Your follow through was the best! I really appreciated the way you always stayed on top of things and kept me informed what was happening through the entire process. You took the time to explain forms and procedures. Thanks again. I'll recommend you every chance I get!”

-Alicia Martinez

“Working with Mike was so easy. Mike is totally involved in the process. If we were up on the roof or crawling through the attic, so was Mike. Mike went above and beyond to make sure our family was getting the right house.”

-Bryan and Jessica Carter

*“Michael was very understanding and sincerely caring of my needs . His personality and non-aggressive attitude helped me a lot too.... Michael went out of his way to look into the details on the house & spoke with others to get additional information for me to make the decision. **I believe Michael's experience being a teacher has a lot to do his unique approach.** Truly, I would recommend Michael to all of my colleagues.”*
